Get Involved...

The Park Advisory Committee (PAC) is a 21-member advisory group mostly appointed by the Park District Board of Directors. The PAC provides community perspectives and advice to staff and to the Board on the issues, projects and policies of the Park District. The PAC considers a spectrum of policy issues, such as land use plans, the Park District budget, public safety, naming park facilities and more.

Legislative Program Summary

The East Bay Regional Park District Government and Legislative Affairs team

works on a local, state and Federal level to support the agency's projects, programs and communities. The team strives to align funding and policy advocacy with identified project and program needs and priorities. The team's scope of responsibility includes eight Federal legislative offices, 12 State legislative offices, 10 County Supervisor offices and 33 cities with 180 council members.

Advocacy Priorities

Overarching principles of the Park District's advocacy goals include equitable service delivery, advancing climate resiliency adaptation and mitigation, guiding work with an environmental ethic, supporting

inclusive interpretation and educational opportunities, increasing conservation through land acquisition, and ensuring the fiscal health of the Park District.

View over Berkeley toward San Francisco from Claremont Canyon Regional Preserve, Oakland

To act nimbly in response to new opportunities that arise, the Park District is guided by seven advocacy goals.

Wildfire Resilience

To minimize the rise of catastrophic wildfire in the East Bay by using proactive vegetation management which is ecologically sound.

Sea Level Rise Preparedness

To address sea level rise with nature-based infrastructure and initiate mitigation strategies regarding climate change.

Community Health

To ensure equitable access to parks so all East Bay communities can enjoy the physical and psychological benefits of open space.

Ecosystem Stewardship

To support ecosystem health through restoration, acquisition and habitat enhancement and improved efficiencies in regulatory approvals.

Green Jobs

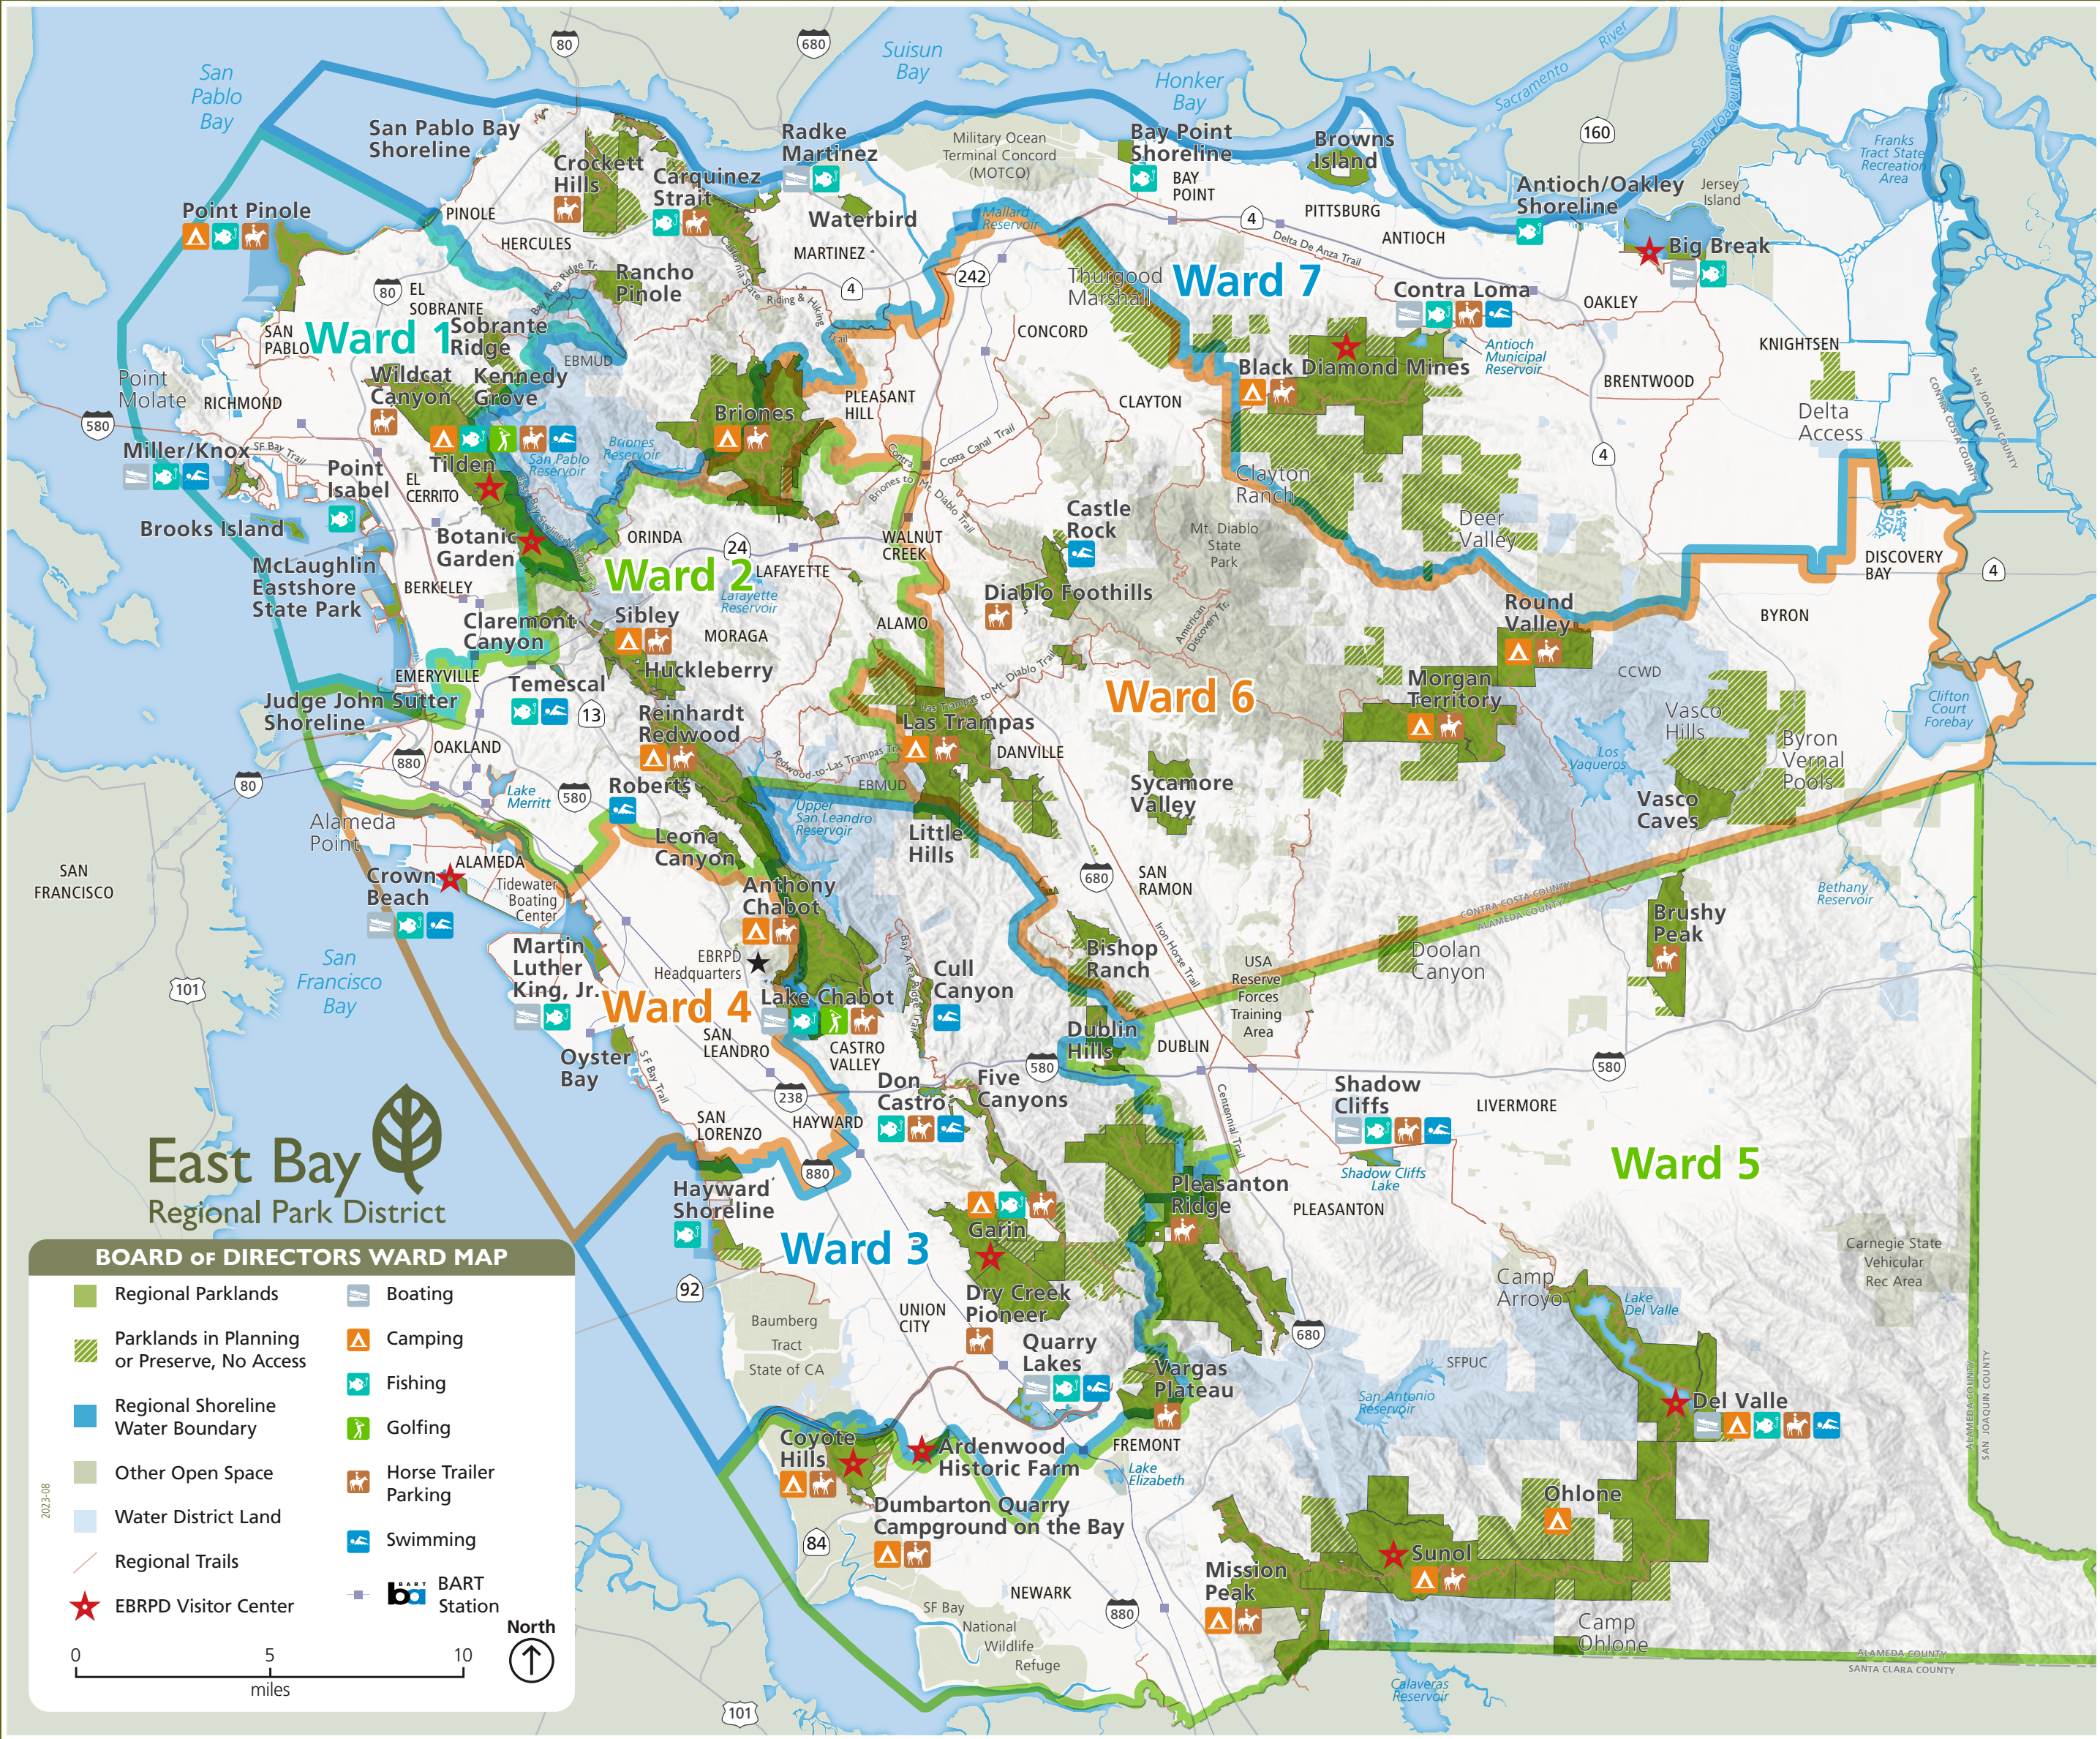

To guide the development of career pathways for all in the parks, recreation, interpretation, outdoor and environmental fields.

Welcoming Visitor Use Facilities

To be sure all visitors are welcome to the East Bay parks and trails by providing facilities which are safe, accessible, inclusive and sustainable.

Climate-Friendly Transportation

To expand accessible active and public transportation in East Bay parks and trails.
